July 22, 2019

Subject: Pine Grove Cemetery Expansion

Dear Property Owner:

At their November 5, 2018 meeting, the Board of Selectmen adopted a Master Plan for Pine Grove Cemetery as prepared by the LA Group and recommended by the Municipal Services Department. This plan provides guidance to implement phased improvements including expansions that will extend the cemetery's operational lifespan for an estimated twenty to thirty years. You are receiving this notice because your property directly abuts the cemetery property which was surveyed and staked out earlier this year.

Beginning on Wednesday July 24<sup>th</sup> a logging company will begin harvesting an area of cemetery illustrated on the back of this notice. Access will be through the town right of way marked with an "X". This will be the beginning of the phased expansion and improvements that were established through the master planning process that will help meet the needs of the residents in both the short and long term. The property markers are clearly defined and the Town's section will be prepared for layout of the new burial sections circled in the picture and as identified in the plan.

Dave Wholley from Public Works will be overseeing the project and will be available to answer any questions or concerns you may have. The conceptual layout and/or full plan can be viewed at [www.townofsalemnh.org](http://www.townofsalemnh.org) or upon request.

Sincerely,

Roy E. Sorenson  
Municipal Services Director
