JANUARY 22, 2018

INSIDE THIS ISSUE:

Local Election	1
Meeting Schedule	2
Fire Department	2
Community Services	3
Municipal Services	4
Police Department	4
Planning Board	5

Salem Government Channel is your channel for local election coverage.

If you are interested in running for a position on any of the town boards the filing period is Jan 24 - Feb 2. You can apply at the Town Clerk's office in the lower level of Town Hall.

One of the open elected positions is Trustee of the Trust Fund. We spoke with current trustee, Tom Linehan, who gave us a great rundown of the responsibilities of Trustee of the Trust Fund.

Two points from Tom's interview:

1. The main responsibility of the Trustee of the Trust Fund is to make sure the money from that fund is used specifically for its designated purpose.
2. If you are new to the position, you will get help from many people. There is annual training provided and crossover with the tax collector and attorney general who are always helpful

The interview with Tom Linehan can be viewed online [here](#).

Stay tuned for the Town Manager Update as Chris Dillon discusses the 2018 warrant articles. Also, Zoning Amendments will be reviewed with Ross Moldoff as he discusses proposed changes to the certain parts of town, in 3 amendments.

Fire Department

Salem Firefighters had to deal with more than just snow this week as a plow truck caught fire on Erin Lane during the storm on Wednesday. Firefighters from Engine 1 and Engine 2 responded and extinguished the blaze. One firefighter received minor injuries when he slipped and fell on the icy driveway. The truck suffered heavy damage to the engine compartment.

Community Services

ENGINEERING DIVISION

2018 Road Program projects have been advertised for construction with bids due later this month. Work includes reconstruction on Zion Hill Road, Garabedian Drive, Captains Road, Bonanno Road, Coburn Street, Pacheco Drive, and Witch Hazel Road. Mill and overlay is planned on 17 streets, including a section of Main Street (Millville Street to Bridge Street). The work is included in a warrant article, which will be amended if necessary at the February 10th Deliberative Session and voted on at the Town Meeting/Election on March 13th. A significant water, sewer, and culvert replacement project on South Broadway, between Cluff Crossing Road and the Depot Intersection, is also out to bid with bids due in early February. Similar to the Road Program, public approval of a corresponding warrant article is required to proceed with the work. The project provides additional sewer capacity, retires 100+ year old water main, and replaces an existing concrete box culvert (north of Friendship Drive) that was constructed in 1925 and later widened in 1950. The new culvert will be wider to handle larger storm events and will help reduce flooding in the area. Please contact us if you have questions about any of these important infrastructure improvement projects.

Police Department

On January 16, members of the Southern New Hampshire Special Operations Unit (SOU) conducted training at the Salem Boys & Girls Club. The members of the team were utilizing "simunitions" – a non-lethal training ammunition. The residents of Salem and other towns covered by the Southern NH SOU should sleep sounder knowing these guys are the ones who will be coming if the need arises. They train multiple times a month, all year round in a variety of training locations and scenarios with the intent to be prepared when called upon. Along with the tactical members of the team are a team of police negotiators who were able to successfully negotiate the safe release of actors playing hostages on two occasions during the training exercise.

Planning Board- Proposed Zoning Amendments

The Planning Board is proposing 3 amendments to the Salem Zoning Ordinance.

- **Amendment #1 reduces the maximum number of senior dwellings allowed in various districts in order to have these projects fit in better with existing development.**
- **Amendment #2 revises some restrictions on retail stores and restaurant drive-throughs in the commercial areas to the west of Route 93 in order to encourage more services for employees in the area.**
- **Amendment #3 adds wholesale trade and showrooms as allowed uses in the Industrial District in order to stimulate redevelopment or re-use of existing buildings there.**

These amendments were discussed at a public hearing on January 9 and will be on the Town Meeting ballot on March 13.

You can read Salem's Zoning Ordinance online at this [link](#).
