

**Southern New Hampshire Regional Water Project – Shannon Road Area Water Main Progress Report**  
**August 21, 2019**

This report identifies the work on the Shannon Road Area Water Main Project that American Excavating has completed in the last 2 weeks and anticipates to be working on during the next two (2) weeks. Roads will remain open during the day, with alternating one-way traffic and detours around the work zone, expect delays. Officers will help you pass through the work zones. Thank you for your patience during the construction.

**Last Two (2) Weeks**

- Work began on Westside Drive last week between Mill Stream Drive and Shannon Road

Westside Drive/Shannon Road Work

Trench Excavation for Pipe Installation

Pipe Installation

Trench Paving Work

**Next Two (2) Weeks**

- American Excavating will complete work on Westside Drive and within the Westside Drive/Shannon Road intersection during the week of 8/19
- DBU Construction will be on site on 8/23 to begin directional drilling work on Shannon Road. Expectation is that Shannon Road will not be closed completely, and at least one lane of traffic will be available at all times. However, changes to this plan may be made if determined necessary for worker safety or to provide sufficient area to complete the work.
- Work on Providence Hill Road will commence beginning the week of 8/26. Construction operations will occur between Atkinson Farm Road and Shannon Road.
