

## **Proposal for 9 Councilors**

(Adopted from the wording in Derry's Town Charter)

At the first regular Town election following the effective date of this Charter (2024), there shall be elected one councilor-at-large and five councilors by wards:

- Councilors for Districts 1 and 2 for one year
- Councilor for District 3 for two years
- Councilors for Districts 4 and 5 for three years

Thereafter, Town Councilors shall be elected on the same schedule in each ensuing 3-year cycle.

Salem had six wards/polling locations, but only five are currently used.

1. Fisk School
2. Soule School
3. Barron School
4. Senior Center
5. Lancaster School is no longer used for voting purposes.
6. North Salem School

I propose that we:

1. Elect one councilor from each of the five districts currently being used.
2. Elect another four councilors at-large (from across the town)

This proposal will give those who want at-large representatives the same number of councilors as they currently have (4+1 from their neighborhood).

It will give those who want to elect their representative from their district an opportunity to have someone closely familiar with their neighborhood, as well as the opportunity to elect four other councilors

My proposal does not call for adding additional wards, as this would increase costs for elections, and it would put a further drain on election officials.

My proposal does not call for a special election shortly after approving the charter, as some towns do, because:

- A staggered approach allows for continuity of government, so there would not be the risk of all new Councilors. We would have at least three experienced Councilors in the first year, and thereafter six experienced Councilors, who can help guide the new members.
- Special elections in a town of this size, is expensive.
- This would allow the Town adequate time to re-proportion the voting districts.
- This proposal is fair to the current Select Board members who campaigned with the expectation of serving for three years.

## **Why 9 Councilors**

With this proposal for 9 Councilors, each resident will have the opportunity to vote for the same number of Councilors as they currently vote for Selectmen. There will be three members elected every year. With nine members on the Council, there are likely to be people elected that will please everyone. With nine members, there will be less concern about transparency, and nine will provide a fairer representation of councilors from the entire town to make important decisions for the entire town.

## **Why Wards?**

This will ONLY apply to our Town Councilors. It will not impact State Reps — they can only be elected at large, or by a special vote of town residents. It will not impact special elections for positions such as the Charter Commission – the RSAs for charter commission require commissioners to be elected at large. However, looking at these recent past elections, shows us why having some ward representation would give fair representation, as the needs and concerns of different parts of town are different from others.

## **Why At-Large?**

This gives a good balance. It's the way we currently elect all candidates. It gives candidates who are known throughout the town a better chance to be elected. When combined with one Councilor from each district, this is how we would reach nine councilors.

## **Why Both?**

Salem is NH's seventh-largest community, and its second-largest town. For a community of our size, this proposal provides a very local representation as well as town-wide representation. It is this kind of representation that is successful in NH's larger communities. This gives those who want to elect by district the opportunity to have at least one person from their part of town. And this gives those who want to elect by At-Large the same number of candidates to elect as they currently have. If they aren't pleased with the candidate from their district, they have many others that they can turn to.

**Proposal:**

In 2023: Elect two members to the Select Board, as Ms. Stacey and Mr. Lyons' terms expire.

Upon adoption of the charter (approved 2023, adopted ?2024?), all 5 Select Board members will automatically be retitled as Councilors, including the two newly elected members.

All five will stay as a councilor until their natural term expires.

In 2024: Still have 2 at large (elected in 2023) and 1 (Stramaglia) elected 2022.

Elect 1 at large, 5 by wards (staggared # of years). Total 9 Councilors

In 2025: Elect one at large, and 2 by wards (#1 and #2). All for 3 years this year and going forward, every three years.

In 2026: TWO at large, and one from Ward 3. All for 3 years this year and going forward, every three years.

In 2027: Elect One at large, and two from Wards (#4 and #5). All for 3 years this year, and going forward, every three years.

Current selectmen to complete their current terms.

**Effective 2024:**

9 Councilors (4 at large, plus one per ward.)

After initial schedule, 3 people elected per year for a 3-year term

Vacancy to be elected the following year, to complete that person's term.
