Re: [REDACTED] | PFAS

MAT-24101526971

Dear Sirs:

Please be advised that our office represents the interests of [REDACTED] in regard to the above-referenced matter. Please accept this correspondence in lieu of a more formal request pursuant to New Hampshire's Right-to-Know Law , R.S.A. §91-A:1 et seq., for the following:

1. The name of any and all Water Companies or Departments that service the following address(es) from 06/01/1994 to 06/01/1995: 20 Tiffany Road, Salem, New Hampshire 03079;
2. Any and all investigative reports, investigative files, testing on groundwater or water systems, or information obtained or created as it relates to Per-

and-Polyfluoroalkyl

Substances, Perfluorooctanesulfonic Acid, Perfluorooctanoic Acid, GenX, or other

“Forever Chemicals” within the boundaries of your jurisdiction from the beginning of time through present;

3. Any and all counsel meetings, department notices, electronic communications, or available information exchanged within the town departments as it relates to Per-and-

Polyfluoroalkyl Substances, Perfluorooctanesulfonic Acid, Perfluorooctanoic Acid, GenX,

or other “Forever Chemicals” within the boundaries of your jurisdiction from the beginning of time through present;

4. Any and all notices, warnings, or awareness information sent to individuals within your jurisdiction about the dangers or harmful effects of Per-and-Polyfluoroalkyl Substances, Perfluorooctanesulfonic Acid, Perfluorooctanoic Acid, GenX, or other “Forever Chemicals” within the boundaries of your jurisdiction from the beginning of time through present;

5. Any and all information, tests, investigative reports, and the results thereof as it relates to the following water sources within the boundaries of the municipalities’ jurisdiction:

agricultural runoff; construction site runoff; cooling tower discharge; desalination effluent;

drainage water; fracking or oil and gas extraction water; groundwater; industrial water;

irrigation return flow; landfill leachate; mining discharge; municipal water; private well

water; reclaimed or recycled water; reservoir water; saltwater intrusion areas; sediment

water samples; snowmelt water; stormwater runoff; surface water; water system pipelines;

and wastewater;

6. Any and all results upon the aforementioned water sources in request No. 5 from the

following types of tests within the boundaries of the municipalities: physical; chemical;

biological; radiological; specialized contaminant, soil, and sediment; and toxicity;

7. Any and all results upon the aforementioned water sources in request No. 5 from the

following specific analytic Environmental Protection Agency (“EPA”) methods within the

boundaries of the municipalities: 537, 537.1, 533, 8327, and 1633; and

8. Any and all results from any and all targeted and non-targeted analyses of water, sediment, and soil within the boundaries of the municipalities. Pursuant to R.S.A. §91-A:4(IV)(b), a response to the requested public information shall be provided within five (5) business days of its receipt. We request that the above-requested information be provided by email or in a digital format for inspection as much as reasonably practicable. We are willing to pay reasonable fees and costs for this request, but request an itemized receipt for such fees and costs.

Thank you for your prompt attention to this correspondence. If you have any questions, please do not hesitate to contact the undersigned at [REDACTED] or by email at [REDACTED]

Sincerely,
Sbaiti & Company NJ LLC
