Subject: **RSA 91-A Request – Fire/EMS Calls for Service Breakdown (CY2023 & CY2024)**

CAUTION: This email originated from outside Salem. Do not click links or open attachments unless you recognize the sender and know the content is safe. Thanks Salem IT Department

Hello,

Pursuant to **RSA 91-A (Right-to-Know Law)**, I respectfully request records or aggregate reports showing **calls for service handled by the Salem Fire Department** for the calendar years **2023 and 2024**.

Please provide **counts broken down far enough to distinguish emergency vs. non-emergency activity**, ideally aligned with **NFIRS categories**:

1. **Fire incidents** – structure, vehicle, brush/forestry (and whether “permit-only” notifications are tracked separately).
2. **EMS incidents** – distinguish between **911 emergencies** and **non-emergency/assist/IFTs**.
3. **Hazardous conditions (no fire), Service calls, Good intent, False alarms, Severe weather/other**.
4. A brief note on which categories your department includes in its official “calls for service” totals.

Preferred format: **Excel/CSV**, but PDF summaries are acceptable. If existing **annual statistical reports** cover this, those will meet my request.

If estimated costs exceed **\$50**, please advise before proceeding.

Thank you for your help,

Keith
